This message is being viewed in an archive.

He may have. He's an On Scene Coordinator (OSC) in Superfund. I just got tasked with helping him on something.

I really need to drop by.

Thx!

Dear Steve:

As I recall, Bret assisted ERRG on the geoprobe investigation that we did at the BKK Landfill for DTSC in early 2005.

Thanks

David

Doug, thank you. Sorry about calling you at home.

I'll relay to our OSC, Bret Moxley, who's on way back right now.

Steve,

It was good talking with you yesterday. I spoke briefly with David Tang, and he does have some experience with earthen dams. Feel free to contact David directly to discuss his experience and how it might relate to your project needs. His direct line is (925) 839-2250.

Thanks!
Doug
